PERSONALS

Tax notices have been mailed to the taxpayers by Mr. B. Brigham. Pay up!

Fred Walker, of the Carlstadt Drug Store, was in medicine hat for the week end.

Mrs. Martin Stubbs, of the Carlstadt Hotel is spending a few days at medicine hat as a guest of her brother and sister.

D. V. Pallen is assistant to Station Agent Morrill at the C.P.R. station. The contest here from Winnipeg, where he has for several years been instructor in gymnastic training.

Mr. and Mrs. J. B. Wiest and Miss Belle Wiest, returned on Tuesday to their home in Portland, Oregon, after spending several months on their big estate here.

Mrs. E. Sparks of Wehale and Miss B. Gifford of Boise, Idaho, who has been her guest for several weeks, were in Carlstadt on Tuesday and took the evening train to the Hat.

Mrs. C. S. Rowen and son, of Minneapolis, were visitors in Carlstadt last week. The guests of Mrs. Rowen's brother, E. H. Smith of the Atlas Lumber Co.

Frank R. Huff is a visitor this week at the Washington State Fair. E. H. Smith is running the Atlas Lumber yard in his absence, assisted by H. D. McElchie.

Fred Rowatt this week completed building a large shed at the rear of his harness shop. This accommodation for teams, Mr. Rowatt is allowing gratis to his country customers when in town.

C. C. Mills of Peorlee was a News visitor last week, and became a subscriber. He is well pleased with his first season's crop in Alberta. His place went 10 bushels to the acre and from only 12 acres of the valuable crop he made \$22000. Best it if you can.

Carlstadt is a busy place in Alberta, spending two months in British Columbia. He reports a fine time, but found no locations suitable for a newspaper. Instead he will locate in our neighboring village, Suffield, where he will start the Suffield-Star.

Rev. T. W. Cunliffe, arrived this week to take charge of the work of the English church in Carlstadt and Suffield. He comes from Penze, Saskatchewan, near Regina. He is a most estimable gentleman and under his guidance the work should flourish.

C. Benjamin is one of the new subscribers to the paper. Mr. Benjamin operates on the raising of hay, and this year from 140 acres has sold over a thousand dollars' worth. Incidentally he has made a good start in mixed farming, and is wintering the year about 30 head of stock.

While engaged in his work at the elevator, W. L. Stevens had the misfortune to fall a short distance from a ladder, and received a fracture in the right arm. Medical attendance was summoned and the injured member is reported to be recovering nicely. Mrs. Stevens of Medicine Hat is in town to nurse her husband.

A. J. Thasmy is rapidly bringing his ice parlor to completion, and about all that is necessary now is assistance from J. Frost. The rink will be 75x130 feet—which is much larger than last year's rink, and probably the largest in this part of Alberta. At one o'clock a rest room will be arranged and a stove set up. There can be no question but that there is a great deal of enjoyment and the best kind of winter sport along for those who will partake, and in addition, there are bright prospects for a strong hockey team.

Last Sunday was without a doubt one of the busiest days Carlstadt has ever experienced. Homeowners for miles around were in, in large numbers and hotels were sold out of rooms early in the evening. The News met three home-owners on the street about 10:30 p. m. who appeared for shelter for night as they had tried to secure beds all over the town. Fortunately we were able to accommodate the boys, but take it from the News it does not do any town any good to have inadequate facilities for second-class.

PROSPERING PEERLESS

ONE OF THE MOST FERTILE SECTIONS OF ALBERTA, GIVES GLAD HAND

Success was written all over our trip to Peorlee and Hopkins last week. We were invited by Mr. Scollard, of Scollard & Hogg, implement dealers, to join him in a business trip up in that country, and the trip was made in Mr. Scollard's car in record time. We left at 9:30 a.m. and reached town at 7 p.m. Noteven a cog wheel slipped to mar or delay progress. Here are some of the incidents of the trip, and as a result the News will be a weekly visitor in many more homes in Peorlee and Hopkins.

One of the first places to stop at was the residence of J. J. Gardell, Mr. Gardell needed no persuasion to subscribe. He believes in supporting the local paper.

We found C. A. Thomas out checking flax. Certainly he subscribed. Mr. Thomas is possessed of all kinds of original humor, and we would like to spend a rainy Sunday at his place. But it was back to the auto and on the trail for ours. On the trail we met V. W. Taylor and J. O. McElchie of Hopkins, headed for the busy Burg with loads of grain. They were both good for subscriptions.

Before noon we had visited many more homes with varying success and reached the home of C. Cecil Mills for dinner. Mr. Mills had been in the office the day before and was already a subscriber. It is worthy to note that Mr. Mills has only been on his place a year, and

More Homes Needed

There is a keen demand at Carlstadt at present for modern, priced houses. One man who has the rent of a small house at the south of the town, reports that five people applied to him in one day to secure the houses as an investment home building in Carlstadt should appeal to a wise investor.

\$17,000 LAND DEAL

A. J. ROSS, OF INDIANA, BUYS BIG FARM NEAR CARLSTADT AT GOOD FIGURE

A land deal of large proportions and direct importance to Carlstadt and district, was consummated last week, when A. J. Ross of Sullivan, Indiana, purchased a section of land, the C.P.R. farm of Pete Laine and a half miles from town for a consideration of \$17,000. It was a cash deal and Mr. Ross claims distinction of holding the first land title issued by the C.P.R. in this district. He has been a very successful farmer in Indiana, and will apply improved methods to his new Canadian estate. Mr. Ross will spend the winter in his old home, and return to Carlstadt about March 1st. It is interesting to know that while Mr. Ross paid \$25,000 an acre for his farm here, he has already refused \$50.00 per acre for the section. Mr. Ross visited practically every portion of Southern Alberta before deciding to locate in Carlstadt. He recently sold a big farm in Indiana for \$125.00 per acre. He prophesies that land in the Carlstadt district if properly worked will touch the \$100.00 mark within 10 years. Read that Mr. Easterner and ponder over it before you ponder too long. Be up and doing.

Let him who doubts that the busy burg, but a future—take a good look at the dozens of loads of grain coming in and the enormous quantity of merchandise going out. Then pipe that knocking, will you!

A woman, down in St. Thomas committed suicide because her husband wouldn't give up smoking.

Up to date the Suffragettes have not adopted the rather expensive course. There is still one wrinkle open to the dear ladies.

The Liberal Government at Edmonton is to be congratulated on its agricultural and educational policies. Everything considered, its policy as regards railroads in this new country is commendable. Mr. Mitchell, who represents the constituency in the local house stated last week to the News that good roads for Alberta would hereafter be more to the fore than ever.

Without doubt, the agricultural department under Hon. Dumas Marshall and Deputy Minister Harcourt is the most advanced on the American continent.

The farming train that the government is sending to Carlstadt, on October 30th, should be missed by no one. Mark the date October 30 in your hat.

We found the Peewee and Hoskins districts in a prosperous condition. The growth thereabouts is no fast that you almost see it day by day. One homesteader stated that from his door on a clear day, it was no hard matter to count 95 houses where three years ago there was no settlement. Truly he had a magnificent view.

A baby born while its mother was traveling to Toronto was named Elmer, after the steaming car in which the event took place. All very well; but suppose the steaming car had been named Moose Jaw—Medicine Hat News.

We would like to add that it might have been worse, the car might have been named Medicine Hat. It would have been a lucky kid if the car had been named Carlstadt.

This sight of the old days was too much for Mrs. Woolven who is fully acquainted with automobiles and traction engines, and he took off across the prairie toward the horizon. He had traversed several hundred yards before he recovered his equilibrium and was pacified by Mrs. Woolven.

APPLY AN OLD SAYING

To the Marketing of Your Grain—

"NEVER PUT OFF TILL TOMORROW WHAT YOU CAN DO TODAY"

With hundreds of conditions the world over affecting prices on the Central markets you cannot sell all your crop at the top price of the season. As you can get cash, ship your grain on consignment and each will average up a fair price. Ship to the Grain Growers' Grain Co. and you will be sure of your grain selling for the top price, and also you will get the promptest and best service in the handling of your business.

The Grain Growers' Grain Co. was started and is conducted by Farmers and for Farmers. Its chief aim is "Service to Shippers," as shown by its:—

1. Unbeatable Selling Organization—That gets top prices.
 2. Sampling Department—That checks the Government grading of cars consigned to it.
 3. Claims Department—That when you can supply fair evidence, collects claims for you free of charge.
 4. Guarantee to carry out your instructions—That it lives up to absolutely.
 5. Absolute square dealing in every way—Today can point to the most successful and progressive Company in Canada.
- Compare Capital paid up, \$11,975 in 1907, to \$586,472 in 1912.
Grain handled, 2,340,000 in 1907, to 27,775,000 in 1912.
Profits (going back to farmers) \$790 in 1907, to \$124,164 in 1912.
This unparalleled progress in every department, beyond question could only be the result of promises fulfilled and satisfaction given.

The 12,000 farmers responsible for this Company now offer its representative organization for your use, and point out the fact that you can become a part owner of this property any time. How true is the old saying, "Never put off till tomorrow what you can do today." Act today.—Write

PEERLESS PROSPERING

Continued from First Page

already has three very creditable buildings, the whole section fenced and several head of horses, young cattle and pigs.

Greatly refreshed by an excellent dinner served by Mrs. Gills, we started the afternoon campaign. J. L. Brown was found completing a commendable chicken house. He was perfectly willing to be a subscriber. Mr. Brown, besides being a busy homesteader, teaches the youth of Peerless in the district school.

Postmaster Jensen of Peerless, also, wanted the paper. Sample copies were left at the Post Office for all who receive their mail at that point and are not within the list of subscribers.

Before leaving Peerless we interviewed Hans Hanson, and made arrangements for a weekly budget of news from Peerless and district.

On the return via Hoskins we interviewed John Salm who was busy picking fax, and he is now a subscriber to this G. F. G. Win. Stevenson was on the trail returning from the busy burg with a load of lumber and provisions, "scatoh, my name down" was his unique way of subscribing, and we remembered. At the residence of A. E. McIntosh many sample copies were left to be distributed from the Hoskins post office. Mrs. McIntosh is the correspondent for the News in this district. This was one of the last calls made and as old Sol had just sank to rest in the west we pulled into town, more impressed than ever that Carlstadt is the trading centre of an immense area.

Farm Loan Business

England & England report a very busy season. Their farm loan business has been very active recently, and many farmers have been accommodated. They also report a very keen demand for houses in Carlstadt, which they find great difficulty in satisfying. They have in the last few weeks sold a number of lots to the south of the town, and property in that section is selling rapidly in value. Messrs. Mackay and Ketchum of the Carlstadt News, on Wednesday purchased from England & England Lot 9 Block 14 Sutherland Avenue.

For Sale

Dr. and Mrs. Gason this week are moving to their script near Peerless postoffice. This is their last year before moving up on it.
Mrs. C. Bell and Mrs. L. H. McKinnon, of Clarkson, were guests yesterday of N. B. Brigham.

To the lady bringing in the best loaf of bread made from Redcliff flour sold by the West Grain Co., a hundred pound sack of flour will be given free.

This is the offer made by N. E. Stuart, of the West company. The loaf is to be brought to the News office on Wednesday October 30th, "Farm Train Day." F. E. McDermid has consented to act as judge. First ladies, is a chance to get a hundred pounds of flour, with practically no cost.

Local News Notes

Robert Anderson is painting the country residence of Fred F. Rowatt.

Mr. and Mrs. F. Jordan Bakken were the guests last Sunday of Dr. and Mrs. R. Harrison Mason.

Mr. and Mrs. Frank Shields have moved into Carlstadt, and will occupy the rooms above Rowatt's harness shop.

On Thanksgiving Day, October 28th, the Methodist Ladies Aid are going to serve a big supper, to which they invite everyone.

If you want a loan give us your application early so we can have the money ready for you when documents are registered. England & England.

A. S. Lockrem wishes to state to his many customers, that his blacksmith shop will be reopened for business on Monday October 7th. Bring your blacksmithing work to the old Reliable shop. We aim to please.

Armstrong & Son here, for a few months is moving to Tilley next week, where he has purchased an implement business, and will act as agent for the I.H.C. His many friends in Carlstadt will wish Mr. Armstrong every success in his new venture.

Messrs B. W. Black, M. S. Thompson and B. J. Tuston of Calgary, were hunting visitors to Carlstadt on Tuesday. In company with Messrs Scollard, R. Armstrong, Hays and Cole of this town, they spent the day in the country on a still hunt for the elusive antelope. Mr. Slack secured one beauty and was well pleased with the day's sport.

ECONOMY

When you buy an Oliver No. 1 Gang Plow you practice economy.

It will outlast others and will do the work for you in the best manner with the least exertion.

No side draft to wear your horses out—because of the exclusive landed beam construction found only on the Oliver No. 1.

It turns the soil perfectly—any soil—hard ground or soft, and allows with the least friction—that means lightest draft.

Just the plow for difficult, hard ground plowing. We are ready NOW to show you this friend of the soil.

Ask the man who owns one—he will bear out these statements.
